## MAYOR'S REPORT

Hope everyone had a wonderful and safe Thanksgiving. I would like to give special thanks to the business and residential participants in the Festive for Fall competition. It certainly adds to the season and makes our little town feel warm and colorful. I hope to see more participation next year. We have had requests from several businesses to do one for Christmas. What are your thoughts? Let us know. As for Christmas, it is just around the corner. I know times are hard and we are still in a recessed economy, but I know there is always someone a little worse than we may be. With that said, please keep in mind those who may not be as blessed as others and, if possible, please help make their season better. There are several good Christmas programs out there to donate to such as Secret Santa Community Christmas, and many others. Whether it be a donation or something you do not use anymore, whatever, it just might put a smile on someone's face.

We are continuing to work on retail and other businesses that would be added value to our town. We will keep you posted on upcoming possibilities. We also have some beautification work coming in the spring to help add to the aesthetics of the city. This is the result of the SPLOST funding voted in by all of us. This would include updating and restoring the old well, which is drastically needed, new lightening, large planters placed throughout town, and added sidewalks.

As always, it is a pleasure to serve such a wonderful community as we have. It wouldn't be possible without great residents like you. Thanks for making it fun to serve you and the city. A special thanks to all city hall staff for the great job that they do.

I wish everyone a very blessed Christmas and Happy New Year.

Billy Cantrell
